"It's a Girl!" says the flashing sign in the Ivy Room. Proud Papa, Emil Damonte, hoarse from answering questions about the impending birth of daughter Jane's first child, finally put up in lights—Jenell Louise Probert, born at 6 p.m., Thursday, Mar. 2, weighed in at 6 pounds, 10 ounces and was 19 inches long. Her middle name is in honor of her grandmother.

Police Chief Ralph Jensen is again warning residents to beware of persons impersonating federal officers, flashing badges and claiming to be checking on counterfeit money. If anyone would approach you, asking to check your bills, and saying they have to take them because they're counterfeit—don't let them have your money, but call the Albany Police Dept. immediately; the number to call is 525-7300.

The Albany Citizens Advisory Committee has a display at the Albany Library of articles, pamphlets and maps concerning earthquakes and our schools, which have been used as the basis for discussions at their recent meetings. The group meets each Monday at 8 p.m. in the Cornell School cafeteria. They welcome attendance to their meetings by the public, and invite questions from concerned residents and other residents.

Charles Keppel, Albany philosopher and poet, was the special guest recently on the Napa Valley ABC radio program. Mr. Keppel read some of his own penning comments on life, as part of a 2-hour program of music, news and poetry. The poet has been writing for many years, but began reading recently with the Northbrae Literary Forum.

THE GIANT PANCAKE, advertising Sunday's American Field Service Pancake Breakfast, is held by (l to r): Ken Logan, who visited Germany in 1956 as Albany's first AFS student; Harumi Ban, currently attending Albany High School and living with the Robert Luoma family on the foreign exchange student program, and the Luomas' daughter, Susan, who was Albany's AFS student last summer, when she had the opportunity to be part of a family in Spain.

AFS To Hold Sunday Breakfast

What! Another pancake breakfast, you say? Of course Albany Chapter of American Field Service will hold its 15th Annual Breakfast at Cornell School cafeteria, this Sunday, Mar. 12. Mr. and Mrs. L. L. Keck, co-presidents, point out that 8 a.m. to 1 p.m. will guarantee everyone time for a leisurely breakfast. Tickets from AFS members (or at the door) are \$1.25, children under six are free.

Guests will have the opportunity to enjoy the delicious ham and pancakes with time to meet students from Afghanistan, Chile, England, Japan, South Africa and Sweden.

The Robert Luoma family will have the double privilege of introducing their own daughter, Sue, AFS returnee from Spain, and their "son," for this year, Harumi Ban of Sapporo, Japan. When asked by Loette Fletcher (who serves with Bud, as this year's breakfast co-chairmen), whether he had difficulty deciding between being at home in Sapporo for the winter Olympics or coming to Albany as our AFS student, he replied, "Of course not! The Olympics is for only two weeks and AFS is for the whole year." His open warmth

and wit makes new friends in Albany High School each day.

In 1956 the Albany Chapter was formed with the assistance of the Albany Rotary Club, whose president was then Mr. William Woolworth. That year Albany sent Ken Logan to Rheydt, Germany, and hosted Sigurd Toppel from Kiel, Germany. In the past 16 years we have shared this international experience of student exchange with 20 countries, bringing their languages, customs and friendship into Albany.

For Ken Logan, his 1956 trip to Germany was a stepping stone to other international experiences. After he was graduated in Political Science from the University of San Francisco, the Peace Corps sent him to India, where he helped in the development of small industries for two years. Fortunately for our community, Ken returned to nearby Berkeley to earn a Masters Degree in Librarianship from the University of California and to assume his present job as librarian of the South Asia Library at the University.

Ken, an avid and popular member of the Albany AFS Chapter, has continued to serve youth of both community and country. Bringing innovation and enthusiasm to the group he arranged summer bus stops to give foreign

Superb Entertainment In Albany High Musical

"South Pacific" should match or better last year's production of "Oklahoma," according to Dusty Heisabeck, director of the Albany High School musical which will be opening in the school's Little Theater next week.

The first performance, on Monday, Mar. 13, will be given for the seventh graders from Marin and Cornell Schools. Tuesday through Saturday, March 14-18, the show will be open to the public, with curtain time at 8 p.m. Tickets, at \$1.50 for those with student body cards, and \$2 without, are available at the school bank or at Call Brothers Jewelers on San Pablo Ave.

The plot of "South Pacific" involves a very timely subject—social prejudice, and American military personnel stationed in the South Pacific during World War II.

Navy Nurse, Nellie Forbush (played by freshman, Terry Turner), falls in love with a wealthy

French plantation owner, Emile deBecque (Mike van Eckhardt), but she cannot overcome her small-town prejudice, when she discovers Emile's first wife was a Polynesian.

Steve Marra plays Joe Cable, a young Marine lieutenant, who falls in love with Liat, a native girl and daughter of Bloody Mary. Liat and Bloody Mary are played by Cheryl Holstein and Wynn Wallace. American prejudice is explained by Joe in a scene with Emile, when he sings "You Have To Be Carefully Taught."

Several lively song and dance numbers will be featured, including "I'm Gonna Wash That Man Right Out of My Hair," with Nellie and her nurse friends; and "There's Nothin' Like A Dame," led by sailor Luther Bilis (Bob Allen) and his buddies. A high point in the show is the production number "Honey Bun," featuring Nellie, Luther and all the nurses and sailors.

Among those working behind the scenes in the musical extravaganza are Miss Carol Coughlin, supervising scenery construction; George Fossellius, props, and supervising makeup, Mrs. Joanne Lee.

Albany Thefts

Car thefts and home burglaries are continuing in Albany, according to recent reports at the Albany Police Department.

The East Bay Chevrolet agency reported the weekend theft of a '69 Chevrolet 1/2 ton pickup truck from their lot. The thief cut a chain across the driveway to gain access to the vehicle.

Lawrence Nelson of 848 Talbot also reported the theft of his 1962 Ford from a parking lot at 450 San Pablo Avenue. Someone attempting to steal the battery of a VW parked in front of 1110G 8th St. in University Village, was apparently scared off by nearby residents.

An 18" color TV set, valued at \$300, was reported stolen from 411 Stannage by responsible using a key or entering through an unlocked door—as no evidence of forced entry was found.

Ten cartons of cigarettes were reported stolen from the Brighton Avenue apartment of Eva Mae Glaskey, and Wanda Aguirre reported the theft of her wallet from a kitchen table in her residence at 739 Jackson, while she was in the basement; and Goodwin of California, 1075 2nd St. reported the theft of an Olivetti adding machine valued at \$105.50.

Note of Thanks

Dear Cornell School PTA, chairman Walt Corvello and his committee:

I, for one, enjoy and love to spring surprises on people. But when the shoe is on the other foot—what do you get? Nothing but a cry baby.

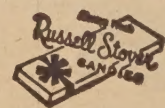

Words at this time are limited. The surprise on February 24 left me speechless. I am truly pleased and deeply honored for the recognition you bestowed upon me that evening.

Let me tell you—you people at Cornell can sure put a simple person like me on a pedestal, and make it look beautiful.

Gratefully yours,

Local Architect Appeals Planning & Zoning Decision

A public hearing to hear and act upon Leon Rimov's appeal from the decision of the Planning and Zoning Commission, took up the greater part of Monday night's Albany City Council meeting.

Rimov, a practicing architect with offices in Albany, was appealing a decision by the P&Z Commission to grant a variance to reduce the rear yard in connection with the construction of a single family dwelling at 711 Hillside Avenue, which is next

door to the architect's residence at 715 Hillside. Rimov contended that the Planning and Zoning Commission's action had been too rapid, and that they had acted on "incomplete plans which contained a gross error in the slope report." The main bone of contention, according to the Albany architect, was that the required space for parking and circulation on the slope (turning and maneuvering) was not in keeping with that stated in the city ordinance.

On the motion of Councilman Lewis Howell, the Council agreed to continue the hearing until April 24, during which time Mrs. Peter Tam of Richmond, owner of the property in question, would submit an elaboration of the existing plans for the Councilmen's perusal.

"We want to work with the City on feasible plans which will benefit both the City and ourselves," said Mrs. Tam as she addressed the Council. "We welcome the opportunity to satisfy all the proper standards of construction. We will even submit a new set of plans relocating the questionable driveway, if it is necessary," she added.

Other matters receiving Council action Monday night included: the setting of two public hearings for March 20—one concerning a variance for 720 Stannage Ave., requested by Frank Latronico; the other to act upon the request of B. J. Hicks, for a use permit to enlarge his place of business, Plaza Electric Service at 1041 San Pablo Ave.

Another public hearing was set for April 17, to act upon the Planning & Zoning Commission's recommendation to grant a variance to Al Shore for construction at 1324 Solano Ave.

A communication from the Traffic and Safety Commission, requesting the Council consider increasing the Marin Ave. speed limit to 30 miles per hour, was referred to the Chief of Police and the City Engineer for a traffic study. They were instructed to report back to the Council with their findings.

Included with the Planning & Zoning Commission's communication, the Council also included two communications protesting the proposed increased speed limit—one from A. Karl and Eleanor P. Whitacre of 1504 Marin Ave., the other from Joseph P. McConahy, 1451 Marin Ave.

Several requests for proclamations were approved, including the proclaiming the week of March 12-18 as "Girl Scout Week"; the week of March 19 as "National Parks Centennial Week"; and the month of April as "NAB/Job's Pledge Month."

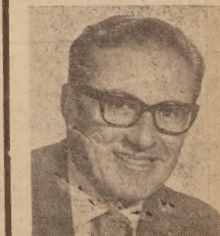

At the suggestion of Councilman George Hein, the City Attorney was instructed to prepare a resolution commending Albany Fire Dept. Capt. Tom Oakley and members of the Fire and Police Dept. for their prompt action in saving the life of four-year old Reid Hoffman, during a fire at University Village.

During a discussion "under the good of the city," Mayor Call noted that he had several calls from residents concerning the possibility of using the BART parkway area for lawn bowling and he wondered if the Park and Recreation Dept. could look into the matter. At this time Councilman Richard Clark requested that the Park and Recreation Dept. be instructed to set up a public hearing, sometime this month, on the General Plan for Albany Parks.

The Council meeting was adjourned in memory of Ted Hutt, former City employee, who passed away last weekend.

The Mail Bag

Most citizens of our fine city feel their community has a great number of young people, with whom they are proud to be associated and are eager to introduce as friends and neighbors.

Many are native to this area, while others have come from distant places. But no matter what their place of origin, our town soon becomes home to all in a very short time.

There is, however, a young person among us who has, by his presence, given our city a truly unique distinction. He is a most enjoyable young man, with a warm, almost perpetual smile. He is mature, intelligent and manly, yet has a great capacity for fun. He is a gentleman of the highest caliber. He seems to thrive on friendliness and radiates kindness towards his peers and elders and I am grateful that I have had the privilege to meet and speak with him.

He is also a lover of sports, and an ardent and capable participant. Being sports-minded, and with the knowledge that his own home town would be the focal point of the world's athletic activities this winter, when the opportunity presented itself he chose to leave his home to spend these months here with us!

Harumi Ban surely thought long and hard before leaving Sapporo last summer, to come to Albany, California, as our Foreign Exchange Student from Japan. His sacrifice has made the honor for us just so much greater! It should be, therefore, not only our deepest desire, but our highest duty, to find ways to make his stay the most pleasant, friendly and worthwhile event of his life!

You may want to express your feelings in many ways. I know you can express them personally at the American Field Service Pancake Breakfast at Cornell School on the morning of March 12th. He'll be there, so come by and let him know how Albany feels about a young man who gave up the Winter Olympics to be with us. You'll be glad you did.

Sincerely,
TED VALLI

Editor: The following is a copy of a letter I have sent to the Albany City Council:

Dear Sirs:

In commemoration of the 60th anniversary of Girl Scouting in the United States, the Brownies and Girl Scouts of Albany Neighborhood respectfully request the Albany City Council to proclaim the week of March 12 thru 18 as Girl Scout Week. They also ask the privilege of presenting the colors at the Albany City Council meeting on March 13, 1972.

Ninth grade Cadette Scouts of Troop 1094 are working on the Challenge of Active Citizenship. In their study of the government structure of their own City of Albany it would be helpful if they could visit the different departments in the City Hall on the afternoon of Monday, Mar. 20, 1972, and later sit as an Honorary Girls Council with the Albany City Council at the regular March 20 Council meeting. It would again be a privilege to

conduct the flag ceremony on to enforce the speed limit which is now in effect.

We are quite concerned because of the numbers of children who must cross Marin Avenue in order to get to and from school—not all of them cross at Santa Fe and Marin as they are supposed to. Also, children in this neighborhood frequently cross Marin in order to go to the stores located on Solano Avenue. We are also concerned because there are a sizeable number of elderly people in this area who seem to have some difficulty crossing the width of Marin Avenue. Many of these people walk to and from the Safeway store with carts or grocery bags and they are often unable to move quickly enough to cross Marin without endangering themselves.

Because Marin Avenue curves in places, visibility is poor and any increase in speed would increase the difficulties in seeing pedestrians and stopping in time. It also would make it more difficult for the pedestrians to see the approaching cars and to determine whether or not it is safe to cross. Almost every week we hear the screeching of brakes being applied by drivers of speeding cars in order to avoid hitting pedestrians or other cars at the intersections of Marin and Neilson and Marin and Peralta. We are aware of two relatively recent incidents whereby pedestrians (one an elderly lady and one a young man) were struck by cars. It would be a shame to increase the deaths and thus spoil a good safety record in this area.

It is unfortunate that Marin Avenue is the main thoroughfare through Albany which provides direct access to the East Freeway, particularly for commuters from Berkeley. We see no reason to further encourage its use as a "bypass" by increasing the speed limit, then continuing the failure to force it. Rather, we feel the present speed limit should be maintained and that greater attention should be given to the people who reside in the area must cope with the present level and the excessively speeding cars which irritate our residents and endanger our lives.

Respectfully,
A. Karl & Eleanor P. Wall

We have noticed in the Albany Times the proposed recommendation from the Albany Traffic and Safety Commission that the posted legal speed limit on Marin Avenue in Albany be changed from 25 mph to 30 mph. We wish to advise that we are definitely opposed to such a change.

We reside on Marin Avenue and drive up and down it several times each day. It seems apparent to us that few cars travel at the posted speed limit or even at the now recommended 30 mph. Rather, it is not uncommon to see cars traveling at speeds which appear to be well in excess of 30 mph. At the same time, we have seldom, over the past year, observed any radar units from the Albany Police Department on Marin or any other attempt by the police department

Household safety: four things you should do. And a couple you shouldn't.

1. Have your gas appliances thoroughly checked once a year by your appliance or furnace man or your plumber. While he's there ask him to make sure safety pilots are operating properly, air openings on burners are clean and set for a blue flame.

2. Get rid of any rusted or loose-fitting vent and flue pipes. Have them checked annually. If you ever should smell a gas leak call PG&E immediately.

3. Make sure that burners and controls on your gas furnace, wall or floor heater are clean at all times. And be sure to clean or replace dirty furnace filters periodically.

Never connect too many appliances to one outlet or circuit. And never let youngsters tamper with cords or outlets.

4. When you disconnect appliances, pull plug first from the outlet. Also make sure electric tools are properly grounded, and frayed or broken electric cords are replaced.

And remember, too, that we're always ready to help. If you call for a PG&E service man to check-out any gas leak or gas service problem, ask him to show you where your gas pilots are located and how to go about relighting them. If repairs or parts are needed, call an appliance or furnace service man or your plumber.

Isn't it nice when others have such good things to say about our young people!

The many patients and friends of Dr. Victor Stallone will be glad to hear that the Doctor, who underwent open-heart surgery at Presbyterian Medical Center on February 28, is now out of intensive care and doing very well, according to his niece, Antoinette.

If you have noticed a lack of men in the area, it could be because quite a few of our local gentlemen are now confined to Albany Hospital. Among those we are extending "get well soon" wishes to are: Don Bruce, Al Thorogood, Sid Weinheimer and John Barassi.

And speaking of local men—those who frequent the "Cribbage Palace" are once again holding their heads up. Donna Sagers, who had beginner's luck and won her first cribbage tournament (she was the only woman playing in it) lost out to Mickey Ettingoff in the second tournament. Everything is back to normal, now.

LICENSED DRIVERS
There were 4,500,000 licensed drivers 70 years of age and over, reports the National Automobile Club, in the United States in 1969.

MEMBERS of the "Super Bad" women's basketball team aren't living up to their name—in fact, they won out over the three other teams competing in the Albany Park & Recreation Dept. Women's Basketball League, which completed its first season just recently. The winning team included: (back row, l to r) Patty Boverhuis, Millie Salazar, Andrea Seiffert, and Theda Newbreast; (front row, l to r) Rocio Salazar, Karen Hiseox and Cheryl Holstein. The four teams met each Wednesday evening in the Albany High School gym.

Female Power

Female power strikes again! Strikes in power volleyball, that is.

Beginning tonight (Wednesday, Mar. 8) in the Albany High School gym, the Albany Park & Recreation Department will begin its Girls' and Women's Volleyball Clinic and team play, emphasizing coaching of fundamental techniques and team strategies for the first three sessions.

Virginia Behm and Don Dupin will schedule league play for the first week in April. Come learn the game, join a team, and enjoy yourself.

Community Council Tour

Kensington Community Council is sponsoring a tour of the Crown Zellerbach Paper Co. in Antioch on Thursday, Mar. 23. A chartered bus will leave the corner of the Kensington Library at 9:30 a.m. The tour of the plant takes about two hours and is limited to 40 persons. No cabs, heart conditions or other walking disabilities will be admitted.

After the tour the group will go to lunch at the Riverview Lodge, "a vest pocket Fisherman's Wharf." While having a leisurely lunch there will be an opportunity to enjoy a beautiful view of the Delta. The bus will return about 2:45 p.m.

Transportation and lunch costs \$4.70. Confirmation of registrations made by the deadline of March 15, will be phoned, and at that time preference may be stated for a lunch of fried prawns or sirloin tips. Send your check, marked Antioch Tour, with your phone No. to Kensington Community Council, 59 Arlington Ave., Kensington 94707.

For further information call the Recreation Office, 525-0292, between 1-3 weekdays.

Cub Scouts Plan '72-'73 Programs

More than 300 Cub Scout Packs in the Bay Area, including those in Albany, will soon be busy planning their monthly program themes for May, 1972, through April, 1973. The monthly theme has been the foundation of the Cub Scout Program for more than 30 years, with each theme designed to provide fun, variety, action and purpose to the Cub Scouts and their activities.

An exciting list of suggested themes has been carefully researched, planned, and written to give a varied program to the boys for the coming year. The months and programs are: May, Beautiful America; June, Backyard Adventure; July, Cub Scout Olympics; August, Cub Scout Astronauts; September, Cub Scout Citizens; October, Discovery of America; November, Things That Go, and December — Follows, Helps, Gives.

The new year will start out with a Music Makers program for January; February will highlight Famous Americans; March, Knights of the Tournament, and April will be Fiesta month.

Among the special events that may be included in each Pack's program during the coming year are Project SOAR, activities related to conservation and the environment; a Cubmobile derby, the Pinewood or Space derby, service projects, and participation in School Night for Cub Scouting—when new Cub Scouts join a Pack in the fall.

Lions Hold Champagne Preview of 'Godfather'

When you hear of such items as White Cane Day and the collection of used eye glasses, you automatically think of the blind, or people who suffer from eye deficiencies. And, if you know anything at all about Lions International, you also relate these terms to Lions Clubs.

The business of helping those with eye related problems has become one of vast importance in communities all over the United States, and Alameda-Contra Costa County communities are no different, because for many, many years the 52 Lions Clubs in these counties have worked diligently to contribute manpower and dollars to help those who suffer from eye deficiencies. Rehabilitation, social activities, workshop facilities and testing facilities are just some of the areas that the Lions of Alameda and Contra Costa Counties are pledged to, and to accomplish these worthwhile projects, financial stability is of vast importance.

This, then, is the reason that annual fund-raising projects are conducted, and 1972 brings a new and exciting project to the fore. As the main fund-raising event for this year, the Lions from both counties will sponsor the

area premier of the brilliant new motion picture, "The Godfather," starring Marlon Brando.

This great event will take place on the evenings of March 22 and 23, at the beautiful Century 21 Theater, 2314 Monument Blvd. in Pleasant Hill, and will be a Champagne Preview, with many Bay Area radio and TV personalities in attendance.

Donation will be \$7.50 per person, and the champagne will be served starting promptly at 7 p.m.

For ticket information call Albany Lions Club president, Don Chelemados at 525-9965 or 524-7624. Why not make up a party for the occasion?

Live Wires

Slides of Guatemala, the most northern country in Central America, will be shown to the Live Wires by Marvin Martin, Friday, March 10, at 7:30 p.m. in the Security Savings & Loan Friendship Room.

Hostesses for the meeting will be Mabel Cole and Birdie Paine.

Eleanor Miller, tour director for the group, reports that reservations for the San Jose tour are sold out.

However, a few reservations (double accommodations only) still remain for the Live Wires Mexico tour, which leaves April 29.

For further information call Mrs. Miller, 525-8757.
